Energous Corporation Reports Third Quarter 2018 Financial Results

SAN JOSE, CA – Oct. 30, 2018 – Energous Corporation (NASDAQ: WATT), the developer of WattUp ®, a revolutionary wireless charging 2.0 technology, today announced financial results for the third quarter ended Sept. 30, 2018 and provided an update on its operational progress.

Third Quarter Highlights

- Continued to ship chipsets to multiple customers
- Qubercomm announced WattUp-enabled asset tracking tags
- The Gokhale Method launched the WattUp-enabled SpineTracker™
- Increased engineering services revenue
- Reached a milestone of securing regulatory approval for its WattUp wireless charging technology in 100 countries

Recent Highlights

- Austar Hearing (AST) demonstrated a new WattUp-enabled hearing aid at the 63rd Annual International Congress of Hearing Aid Acousticians Conference
- Selected by SK Telesys to demonstrate its WattUp wireless charging technology at the SK ICT Tech Summit
- Invited by Deutsche Telekom to demonstrate its WattUp wireless charging technology at its Telekom Design Gallery “Trend Team” event in Bonn, Germany
- Increased patent count to 181 (135 patents/46 allowed applications as of Oct. 30, 2018)
- Energous continued its global regulatory campaign with the addition of 15 new country approvals. To date, WattUp technology is approved to ship in 108 countries worldwide (up from 92 countries from Aug. 1, 2018).
- Demonstrated support for up to 15W of fast-charging power for smartphones, tablets, cordless power tools, drones and other large battery devices with updated GaAs and GaN-based ICs.

“Our customers are bringing WattUp-enabled devices to market as we continue to secure regulatory certifications in some of the most important markets across the globe,” said Stephen R. Rizzone, president and CEO of Energous Corporation. “We are steadily moving forward in the build out of a WattUp-enabled ecosystem by working closely with our existing partners and customers, as well as potential new prospects, to launch next generation wireless charging electronic devices.”

About Energous Corporation

Energous Corporation (NASDAQ: WATT) is leading the next generation of wireless charging – Wireless Charging 2.0 – with its award-winning WattUp® technology, which supports fast, efficient contact-based charging, as well as charging over-the-air. WattUp is a scalable, RF-based wireless charging technology that offers substantial improvements in contact-based charging efficiency, foreign object detection, orientation freedom and thermal performance compared to older, coil-based charging technologies. The technology can be designed into many different sized

electronic devices for the home and office, as well as the medical, industrial, retail and automotive industries, and it ensures interoperability across products. As a systems solutions company, Energous develops silicon-based wireless power transfer (WPT) technologies and customizable reference designs. These include innovative silicon chips, antennas and software, for a large variety of applications, such as smartphones, fitness trackers, hearables, medical sensors and more. Energous received the world's first FCC Part 18 certification for at-a-distance wireless charging, and the company has more than 150 awarded patents/allowed applications for its WattUp wireless charging technology to-date. Safe Harbor Statement

This press release contains forward-looking statements that describe our future plans and expectations. These statements generally use terms such as “believe,” “expect,” “may,” “will,” “should,” “could,” “seek,” “intend,” “plan,” “estimate,” “anticipate” or similar terms. Examples of our forward-looking statements in this release include our statements about FCC certification of our technology, regulatory approvals internationally, and customer releases of products utilizing our technology. Our forward-looking statements speak only as of this date; they are based on current expectations and we undertake no duty to update them. Factors that could cause actual results to differ from what we expect include: uncertain timing of necessary regulatory approvals; timing of customer product development and market success of customer products; our dependence on distribution partners; and intense industry competition. We urge you to consider those factors, and the other risks and uncertainties described in our most recent annual report on Form 10-K and subsequent quarterly reports on Form 10-Q, in evaluating our forward-looking statements.
